

Event Horizon Publishing Ltd. presents a masterpiece on answer-sharing to the perennial questions of the ages, the meaning of life, and so much more ... Most of us know there are eternal questions to ponder. The ageless questions on Life & Death, Time, Consciousness, Science, DNA, Religion, life-after-death, God " at some point " arrive in our awareness. They've been asked for eons. We now have the wherewithal to provide insights on the perennial questions. Would it surprise you if the questions, were being explored to the deepest satisfaction right here in Your hand? Some of us stumble into this inadvertently, but now you're being offered a proactive path of discovery and self-discovery. The Ah-Ha experience that we have in awareness, is so deeply fulfilling for us, there's nothing like it. It unifies our Mind and Heart. Enjoy. Most of us have relatives, friends, professor, minister or mentor who may have some input into some of this; but can we go to one person or to one place to find all of it? Could a satisfying resolve in understanding these matters, for you or your family, be moments away? Yes. The gift here, is the contentment in knowing... also inner resolution... and personally thrilling. The Science of quantum particles in inexplicable order, below atoms, that make-up everything everywhere - even you and me - is so fascinating and fulfilling, we'll find our self, before looking in the mirror. The most famous and revered scientists, like Albert Einstein, are finally explained in simple colorful stories, analogies and illustrations; and yes, they will provide our awareness, a sort of bliss. Einstein's wisdom finally comments on evolution. The historic spiritual elements developing our species' ascension in the Earthly eco-system is fully unraveled here, almost from the beginning. The path to higher-state experiences is thoroughly shared within. Take the leap now into experiential elevations. Share it and your friends will be grateful.
