Regulations for the Execution of the. rhytonstudio.comR. Convention for the Protection of Cultural. Property in the Event of Armed Conflict,. The Hague, 14 May

International humanitarian law (IHL) is the law that regulates the conduct of war (jus in bello). The Law of The Hague, or the laws of war proper, determines the rights and duties of belligerents in the conduct of operations and limits the choice of . This means that they apply to almost any international armed conflict.

The proper categorization of an armed conflict is necessary to determine which set of rules apply to the conflict.

What are the laws of war? International humanitarian law (IHL) is a set of international laws that set what can and cannot be done during an armed conflict.

If such conflict occurred, the laws of war automatically applied. International armed conflict as defined in the Geneva Conventions is essentially similar to. Briefly, IHL regulates the conduct of hostilities and the protection of persons during an armed conflict. IHL, however, does not regulate the use of force. The legal. After a brief history of the codification of international humanitarian law (IHL), Fazal outlines three main arguments: early laws.

As such, this article concludes that international humanitarian law is not simply an . The 'laws of war' or 'armed conflict' was not just a different. International humanitarian law (IHL) - known also as the Law of Armed Conflict or the Law of War - is the body of international rules that in time.
