

Still other seed fell on fertile soil. The seed grew and produced a crop that was a 100 times as much as had been planted! [Luke 8:8 (NLT)] Have you ever wondered what was in Gods mind when he created you? What perfection and plan did he create you for? He saw you, and he saw all you could be through the power of his supernatural grace. Are you living up to that potential? You werent meant to be overweight, tired, stressed, or overwhelmed. Thats not the life experience that God created you for. In this book you will learn: 1. To look at your life in a different way. To look at your life and intention every day with eternity in mind. 2. To implement a set of seven new daily habits that will create remarkable growth. In this book you can learn and implement a natural and even supernatural process that will renew and transform your life. It will take you from a place of frustration, stress, and misery to a place of happiness, peace, and abundance. Along with that you will gain more clarity, more energy, and more enthusiasm for life. You may even lose some weight, feel great, and look better, too! Anyone can benefit from applying the process outlined in this book: business owners and entrepreneurs, busy mothers (who we all know are the true CEOs of their homes), pastors, ministry leaders - indeed anyone in leadership. We have just a short time here on Earth to make a difference. We have a race to run. Theres a lot counting on you, and we need you. The people around you need you. Youre no good to somebody if youre sick all the time, if youre not your best you. You cant be used for all that God wants to use you for if youre overwhelmed, if youre stressed, or if youre preoccupied dealing with poor health, a rotten attitude, and a despairing state of mind. This book can help change all of that for you. Youre going to get incredible results in your life.
