

Provides an introduction to philosophical thought to those who may never have studied the field. It is especially designed for college undergraduates-as a survey of intellectual history from 1600 to the present, from Descartes to Foucault. Although two of its six sections discuss rationalisms, the emphasis of the work is upon empiricism and its history.

A celebration of the th anniversary of Monteverdi's birth takes place at Alice Tully Hall with Sir John Eliot Gardiner. Herein tree-ring analysis is employed to extend the understanding of North Pacific climatic variability and related tropical linkages over the past four centuries. We combine annual stock market data for the most important equity markets of the last four centuries: the Netherlands/U.K. ( ), U.K. ( ) and. the solar forcing time series for the last four centuries transferred into surface climatic forcing, as used in the simulations. the curves labelled as the lower, mean.

Abstract. The main objective of this work is to compare directional (declination and inclination) volcanic and archaeomagnetic data for the last four centuries.
